EVERY BID ON ONE BOARD

Bid Manager is where every tender you're invited to lives, from the day it lands in your inbox to the day it's awarded or lost. Part 1 covers the pipeline: the board, the numbers, and adding a tender.

The screenshot displays the 'Bid Manager' interface with a top navigation bar and a main content area. The top bar includes a search bar, a filter dropdown set to 'All Estimators', and a '+ New Tender' button. Below the top bar, there are four summary cards: '\$83,982 OPEN PIPELINE', '\$30,398 AWARDED', '66.7% WIN RATE 2W / 1L', and '12 ACTIVE BIDS'. The main content area is organized into seven columns representing different stages of the tender pipeline: Incoming Tender, Estimating, Sent, Follow-up, Awarded, Lost, and Non-tendered. Each column contains tender cards with details such as project name, company, amount, and deadline. Some cards have status indicators like 'Overdue' or '2d left'.
