— THE PAGE

WHAT'S ON THE TIMESHEET

Go to **Field Operations > Timesheet**. Everything below lives on this one page, top to bottom.

1 Open the Timesheet

2 Filters

3 Summary cards

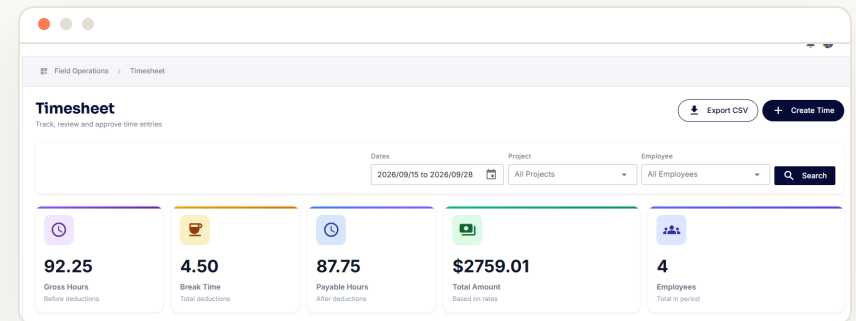

4 Pending approvals

5 Active timers

6 Hours summary

7 Employee entries

8 On-site check

01

OPEN THE TIMESHEET

FIELD OPERATIONS

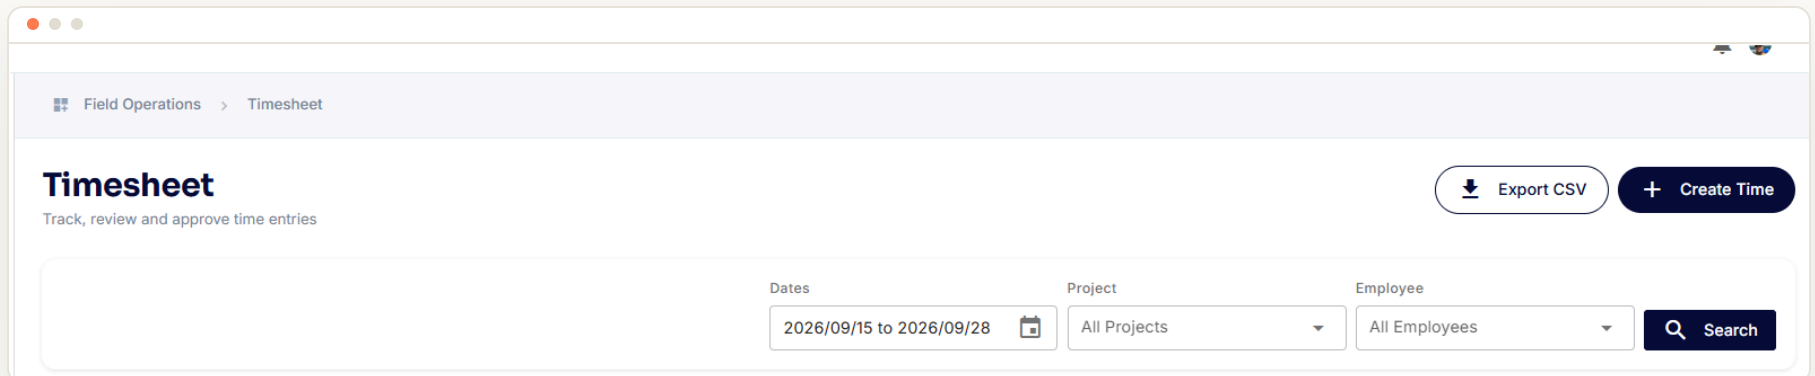

ADMIN

This is where you track, review and approve every time entry your crew logs from the field.

01 Go to **Field Operations**, then **Timesheet**.

02 **Export CSV** downloads the hours you're viewing into a spreadsheet.

03 **Create Time** adds an entry by hand when someone forgot to clock in.

The screenshot shows a web application interface for a 'Timesheet'. At the top, there's a breadcrumb navigation: 'Field Operations > Timesheet'. Below this, the title 'Timesheet' is displayed in a large, bold font, with a subtitle 'Track, review and approve time entries' underneath. To the right of the title, there are two buttons: 'Export CSV' (with a download icon) and 'Create Time' (with a plus icon). Below these elements is a large, empty rectangular area for the timesheet entries. At the bottom of the interface, there are three filter sections: 'Dates' with a date range '2026/09/15 to 2026/09/28' and a calendar icon; 'Project' with a dropdown menu showing 'All Projects'; and 'Employee' with a dropdown menu showing 'All Employees'. To the right of these filters is a 'Search' button with a magnifying glass icon.

02

FILTER YOUR VIEW

FILTERS

ADMIN

Narrow down what you see, then hit **Search**.

01 **Dates:** set this to your pay period.

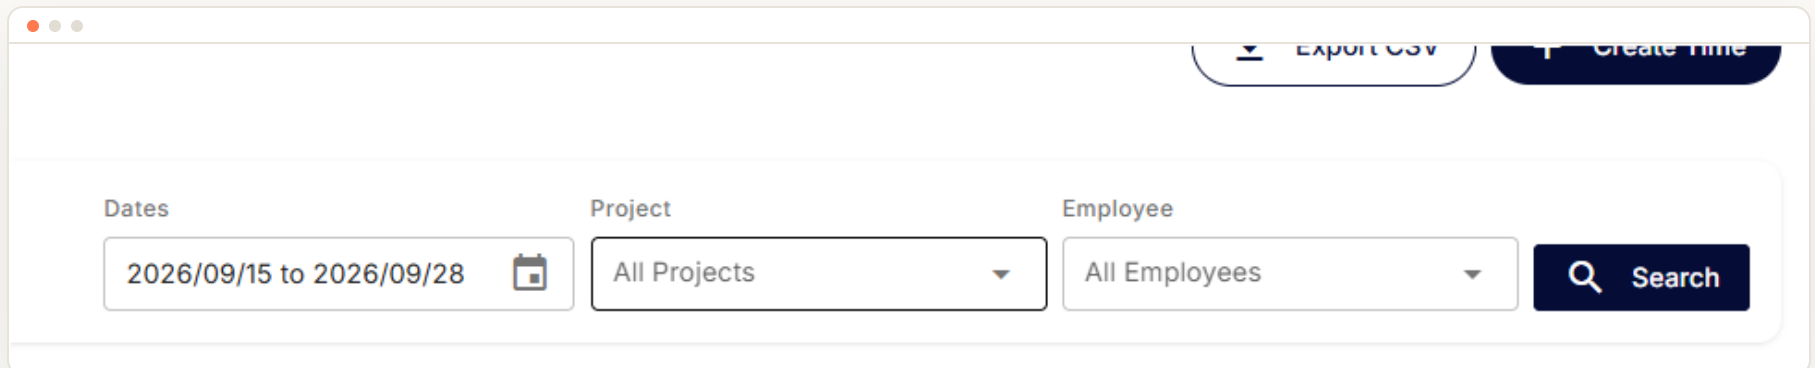

02 **Project:** see hours for one job only. Handy for job costing.

03 **Employee:** see one worker's time only.

04 Press **Search**.

GOOD TO KNOW

Everything on the page follows these filters: the cards, approvals, summary and Export CSV.

The screenshot shows a web application interface for time tracking. At the top right, there are two buttons: 'Export CSV' and 'Create Time'. Below these, there is a filter section with three main categories: 'Dates', 'Project', and 'Employee'. The 'Dates' section has a text input field showing '2026/09/15 to 2026/09/28' and a calendar icon. The 'Project' section has a dropdown menu currently showing 'All Projects'. The 'Employee' section has a dropdown menu currently showing 'All Employees'. To the right of these filters is a dark blue button with a magnifying glass icon and the text 'Search'.

03

READ THE SUMMARY CARDS

TOTALS

ADMIN

Five cards at the top give you the totals for the period you filtered.

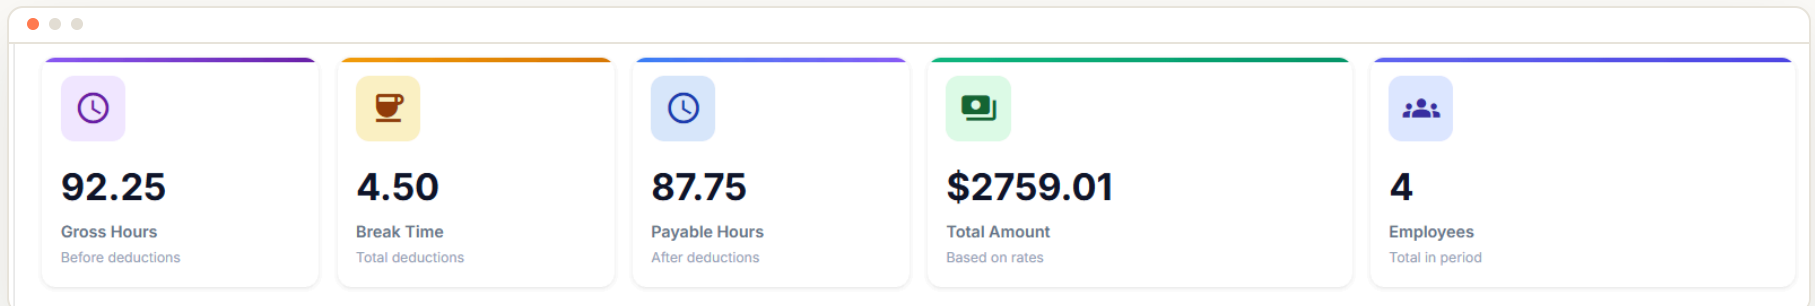

01 **Gross Hours:** all clocked time, before breaks.

02 **Break Time:** total breaks taken off.

03 **Payable Hours:** gross hours minus breaks.

04 **Total Amount:** payable hours times each worker's rate.

05 **Employees:** how many people logged time.

04

APPROVE PENDING HOURS

APPROVALS

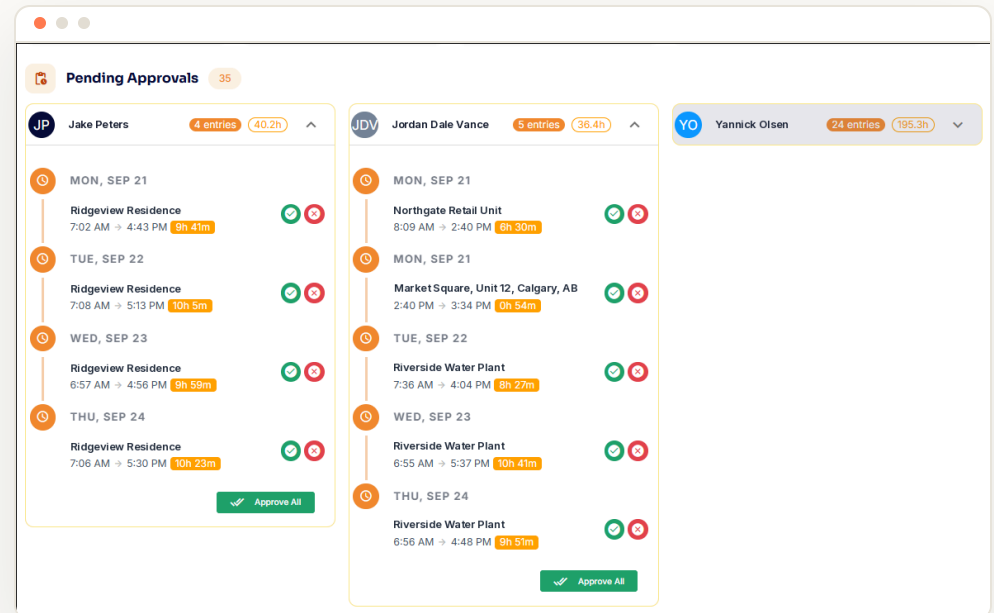

SUPERVISOR

With approvals on, every entry waits here until a supervisor signs off. Hours don't reach payroll until they're approved.

- 01 Entries are grouped by **employee** and **day**, with project and in/out times.
- 02 Press the **green check** to approve an entry, or the **red X** to reject it.
- 03 Press **Approve All** to approve a worker's whole list.

TURN IT ON

Pending Approvals is a setting. Switch it on in **Company Settings**.

05

MANAGE ACTIVE TIMERS

LIVE

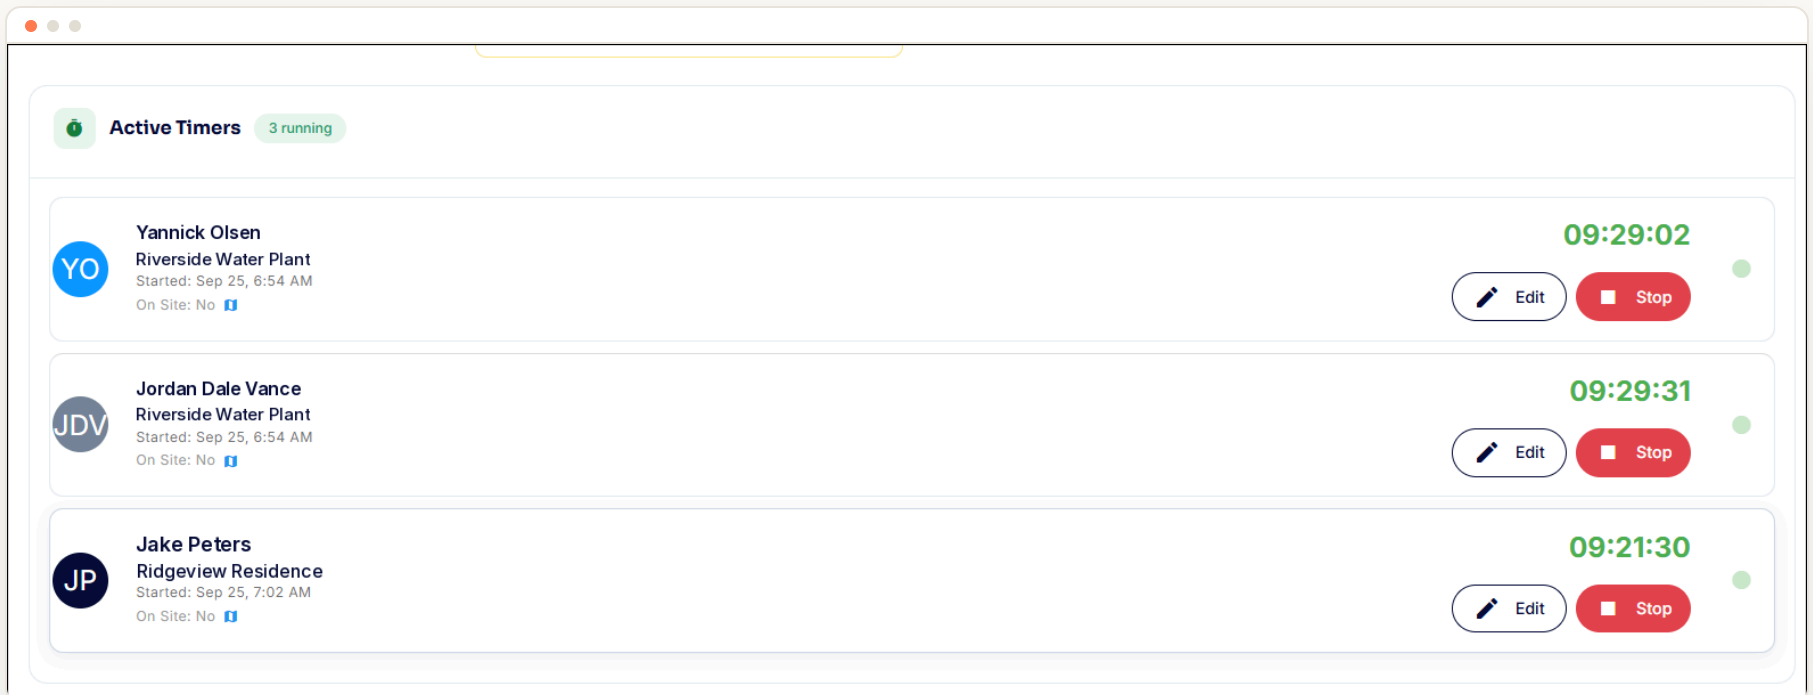

SUPERVISOR

Everyone clocked in right now: project, start time, time running, and whether they're on site.

01 **Edit** fixes a wrong project or start time.

02 **Stop** clocks a worker out if they forgot at the end of the day.

03 Press the map icon beside **On Site** to see where they clocked in.

06

EMPLOYEE HOURS SUMMARY

PAYROLL

ADMIN

Pay period totals for each worker: gross hours, breaks, payable hours and the amount at their rate.

01 Check each worker's **payable hours** and **amount**.

02 Press the arrow on a row to open that worker's entries.

APPROVED ONLY

Only approved time counts here. A worker at \$0.00 still has hours waiting in Pending Approvals.

Employee Hours Summary					
Pay Period: 2026/09/15 to 2026/09/28 · Approved timers only					
YO	Yannick Olsen yannick@example.com @ \$35.00/hr	0.00 hrs GROSS HOURS	0.00 hrs BREAK TIME	0.00 hrs PAYABLE HOURS	\$0.00 AMOUNT
JP	Jake Peters jake@example.com @ \$35.00/hr	48.21 hrs GROSS HOURS	2.50 hrs BREAK TIME	45.71 hrs PAYABLE HOURS	\$1599.97 AMOUNT
JDV	Jordan Dale Vance jordan@example.com @ \$30.00/hr	35.03 hrs GROSS HOURS	1.50 hrs BREAK TIME	33.53 hrs PAYABLE HOURS	\$1006.04 AMOUNT
AH	Adam Hughes adam@example.com @ \$18.00/hr	9.00 hrs GROSS HOURS	0.50 hrs BREAK TIME	8.50 hrs PAYABLE HOURS	\$153.00 AMOUNT

07

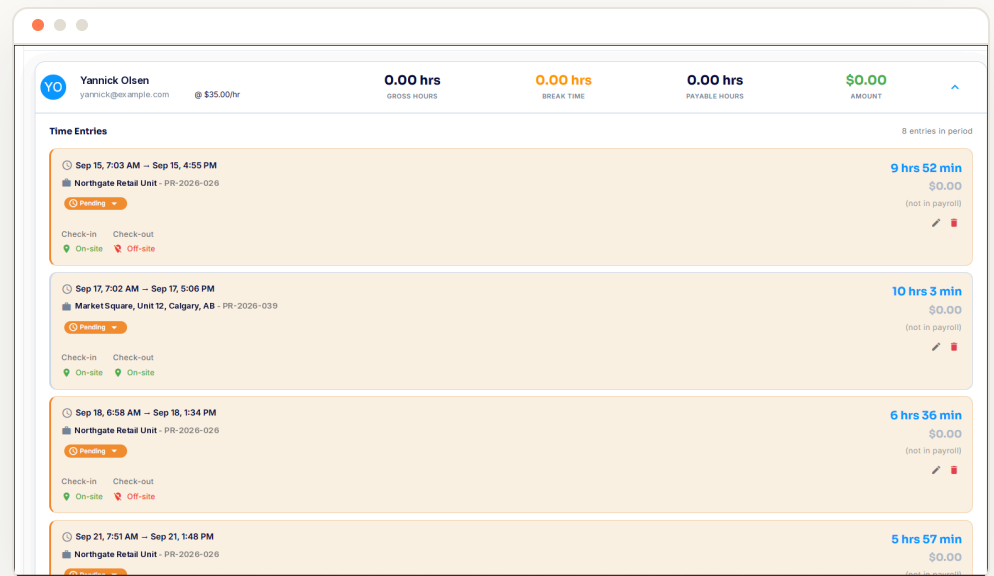

EMPLOYEE TIME ENTRIES

ENTRIES

ADMIN

Every entry the worker logged in the period, one card each.

- 01 Each entry shows **date and times**, **project** and project number, hours and amount.
- 02 Change approval from the **status** dropdown (Pending, Approved).
- 03 **(not in payroll)** means the entry isn't approved yet.
- 04 Use the **pencil** to edit or the **trash can** to delete.

08

CHECK ON-SITE LOCATION

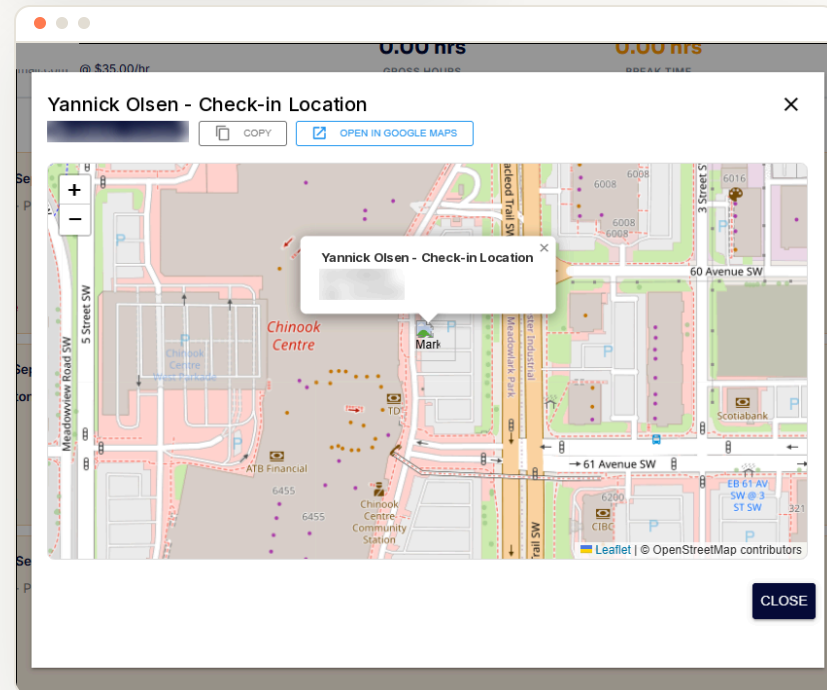

GPS SUPERVISOR

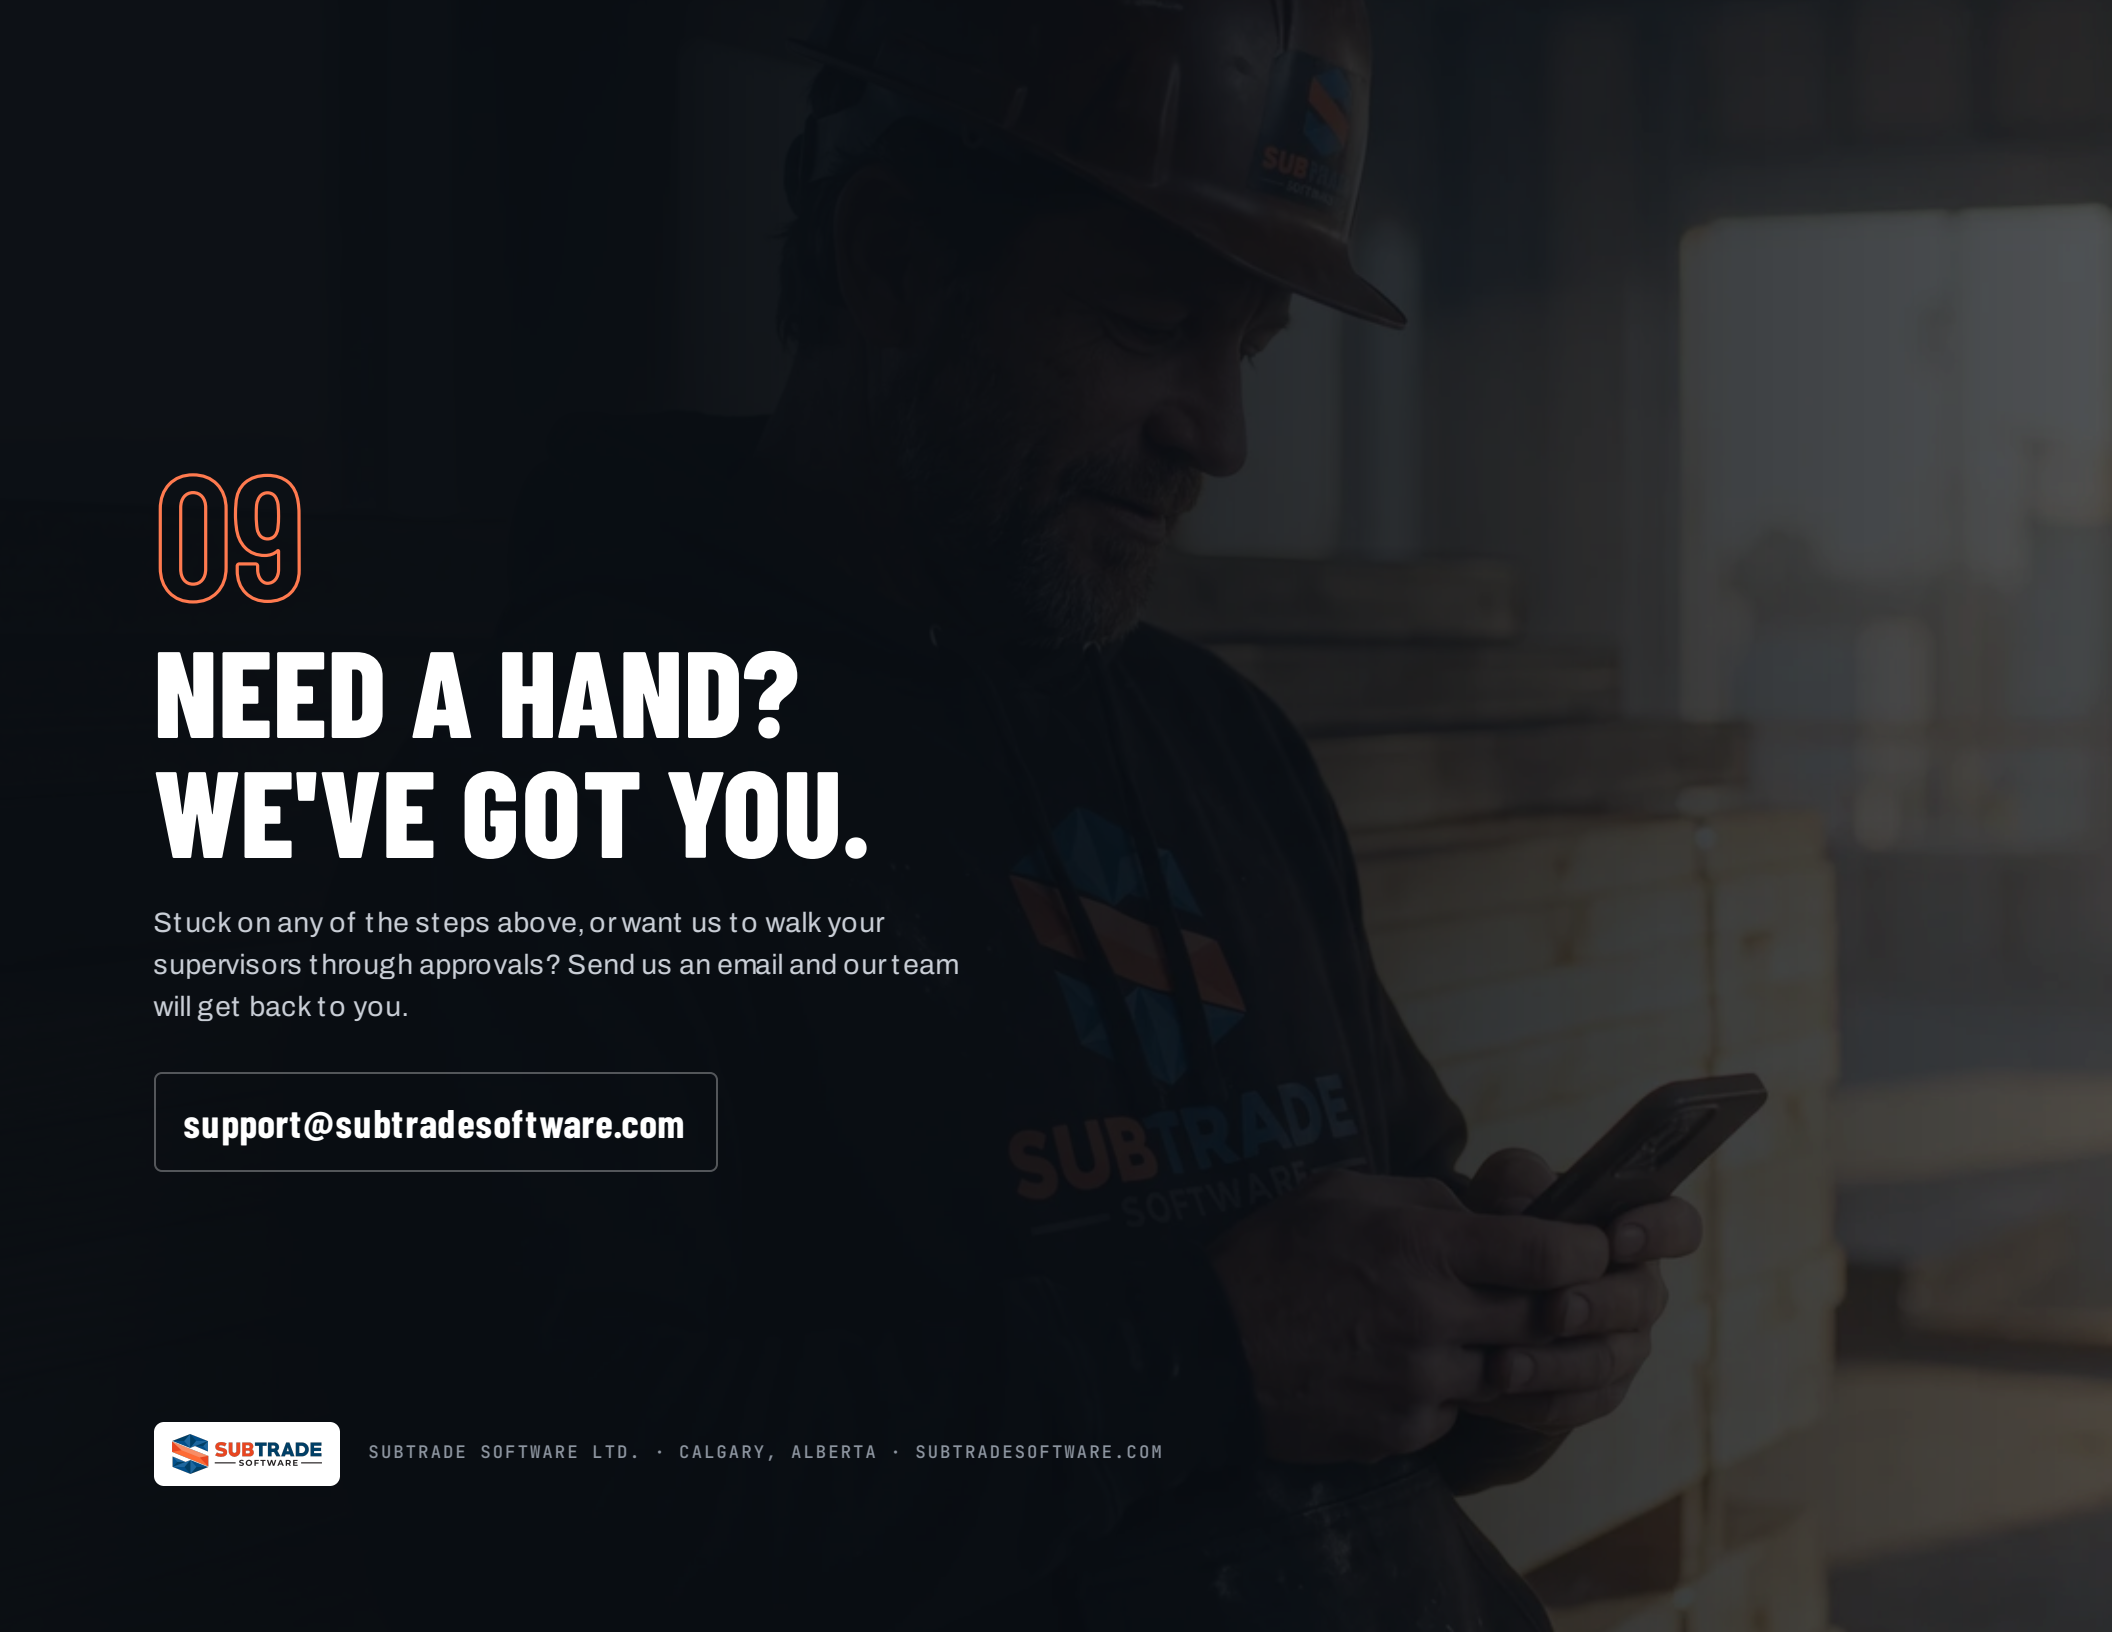

Every entry records where the worker was at check-in and check-out, checked against the job site.

- 01 **On-site** (green) means they were at the job.
- 02 **Off-site** (red) means they punched somewhere else.
- 03 Press either label to open the exact pin on a map.
- 04 **Copy** grabs the coordinates. **Open in Google Maps** shows the spot.

BEFORE YOU APPROVE

Check Off-site punches first. It's the fastest way to catch a clock-out from the truck.

09

NEED A HAND? WE'VE GOT YOU.

Stuck on any of the steps above, or want us to walk your supervisors through approvals? Send us an email and our team will get back to you.
